

I chose Gundersen Lutheran... for the fight of my life

“When I heard I had cancer, it knocked the wind out of my sails. Then, my Gundersen Lutheran cancer team gave me hope.

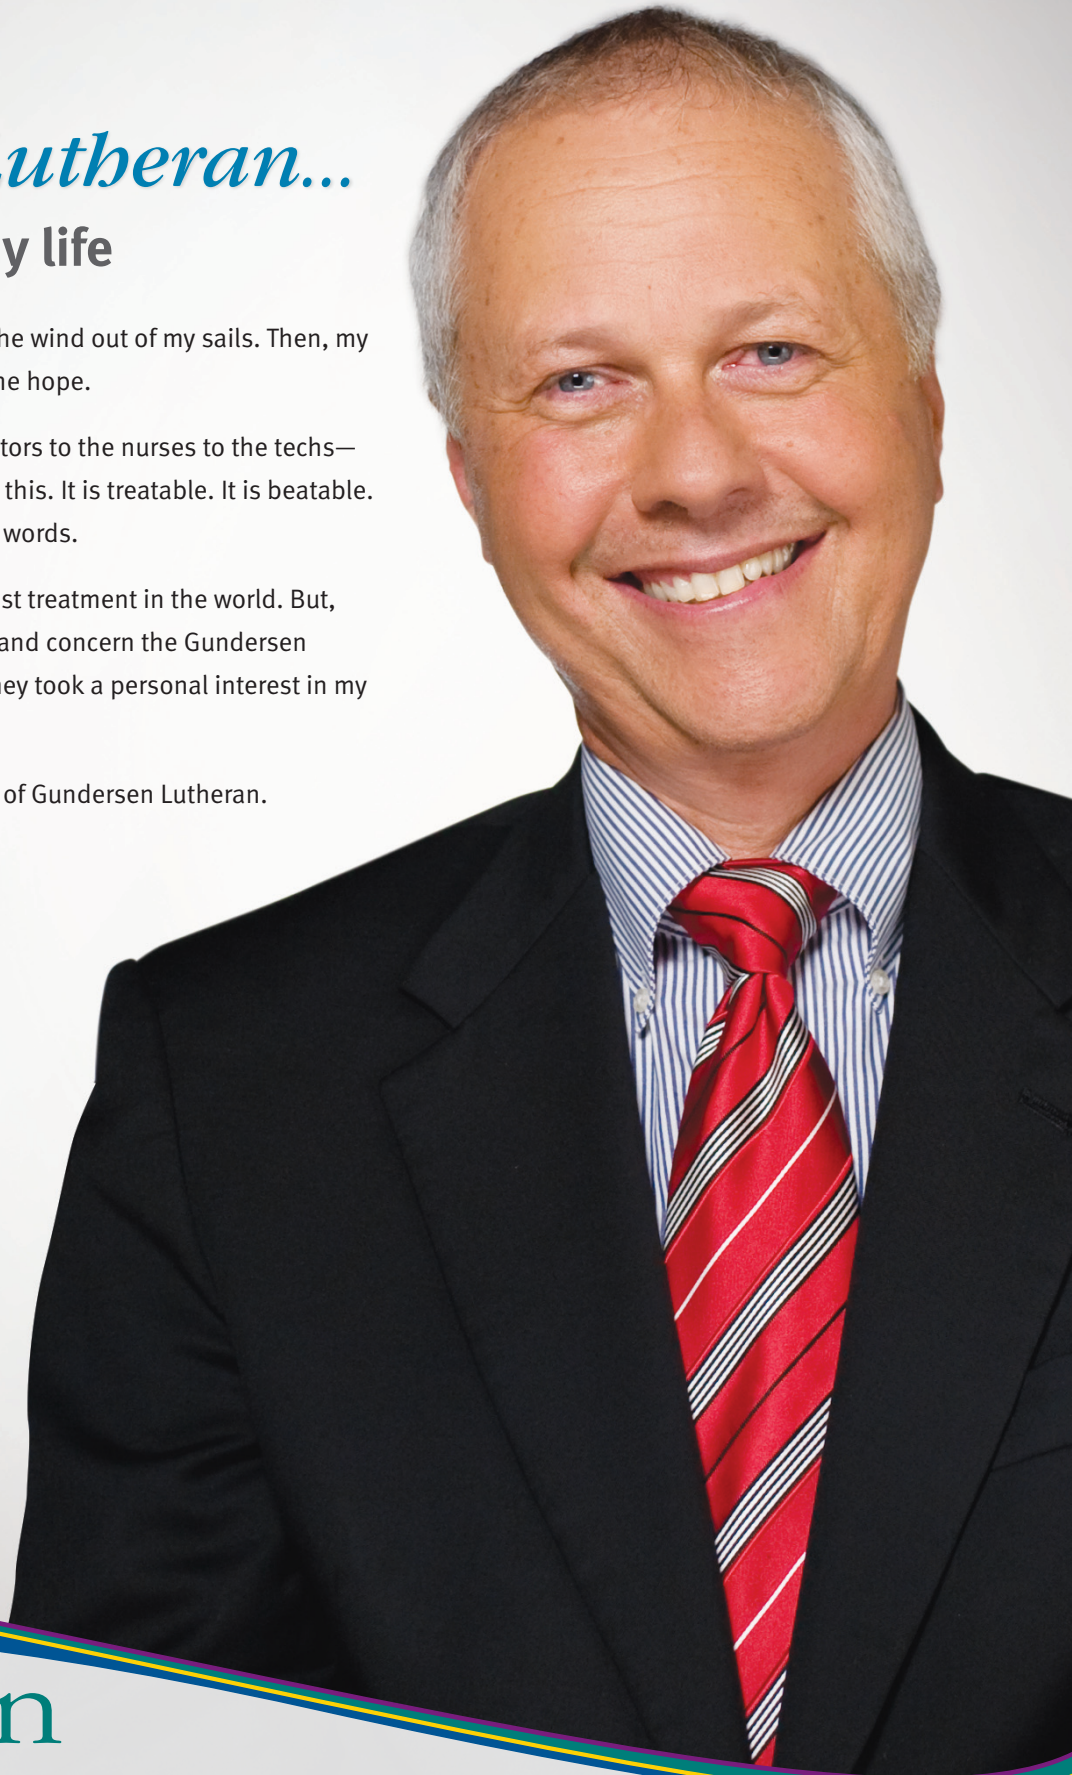

My entire care team—from the many doctors to the nurses to the techs—reminded me over and over, ‘You can do this. It is treatable. It is beatable. It is survivable.’ I hung my hope on their words.

I never doubted that I was getting the best treatment in the world. But, what surprised me was the level of care and concern the Gundersen Lutheran cancer team showed for me. They took a personal interest in my care; I was part of their family.

I’m here today, four years later, because of Gundersen Lutheran. Gundersen Lutheran saved my life.”

—Jerry Kember, stage 4 cancer
