

## Caring Places: Local Lodging Discounts

Consider staying in La Crosse before or after surgery if:

- You live a distance from the hospital.
- You have to arrive early the morning of your surgery.
- You have a follow-up office visit early the next day.

Discounts are offered by these La Crosse hotels and motels to patients and immediate family members. Rates apply only before, during or after receiving healthcare at Gundersen Lutheran.

For more information about these hotels and motels, go to: [www.explorelacrosse.com](http://www.explorelacrosse.com)

Caring Places discount rates are not posted on the web. When you call to reserve a room, say that you are a Gundersen Lutheran patient or immediate family member. If you reserve the room online, identify yourself the same way when you check in.

During peak periods and major events, discounts may not be offered.

Do you need to stay more than one night? Do you need to return for future treatments? Ask the desk staff at the hotel or motel if the discount can be honored more than once. You cannot assume that it will.

Gundersen Lutheran and the La Crosse Area Convention and Visitors Bureau do not receive any portion of the room rate for telling patients about this program.
